Re: Amendment to Notice of Intent to File a License Application
SKY Project

Dear Mr. Miller:

On May 11, 2007 Strathmore Minerals submitted a Notice of Intent to file a license application for its SKY project in Wyoming. This is to inform you that the project has been placed on indefinite hold. As such, we can no longer project for the Nuclear Regulatory Commission when we expect to submit a license application for uranium processing. Please feel free contact us if you have any questions or require additional clarification.

Sincerely,

Juan R. Velasquez
Vice President, Govt., Regulatory & Environmental Affairs
